

## Income Disclosure Statement

Independent Scentsy Consultants earn between 20 and 36 percent commissions and bonuses on personal sales and may be eligible for leadership bonuses based on their teams' sales. The chart below shows how Independent Scentsy Consultants in the United States performed, on average, in 2016. As with any business endeavor, a Consultant's success will be a direct result of the time and effort they devote to selling the product and leading a team. The earnings below represent commissions that Scentsy actually paid to Consultants in 2016.

We have divided our Consultants into two groups for this disclosure. Group 1 consists of Consultants who were with Scentsy for all 12 months of 2016. Group 2 consists of Consultants who were with Scentsy for less than 12 months in 2016, including those who joined Scentsy for the first time, and those who left Scentsy either due to inactivity or for other reasons.

These amounts reflect cash distributions only and do not include product credit or other non-cash awards such as incentive trips. The amounts above reflect gross profits and do not include any business expenses Consultants may have incurred in running their businesses.
